***Break Concrete for Removal
around the World***

The Antigo Construction Family of Companies has been breaking concrete for removal since 1982. Though most of the work has been in the USA, Antigo has been “around the world”. Antigo has the concrete breakers, equipment operators, support personal and the experience necessary to successfully complete your projects, wherever they are in the world. The following are examples of some of the places we have been.

Shindand Airbase, Afghanistan

What can Antigo do for you?

In addition to providing quotations and answering any questions you may have, Antigo is prepared to provide a wide range of information on concrete pavement rubblizing, cracking & seating, and breaking for removal. Examples of available materials are video tape of various breaking processes and project scenarios, lists of owner and contractor contacts familiar with Antigo's capabilities, long-range pavement performance surveys, rubblizing and cracking & seating specifications, and project histories.

Antigo's experienced staff is always available to provide consultation to owners, engineers and contractors as they plan concrete pavement rehabilitation and reconstruction projects.
