Antigo Construction
2520 Clermont St
Antigo WI 54409

Re: Testimonial

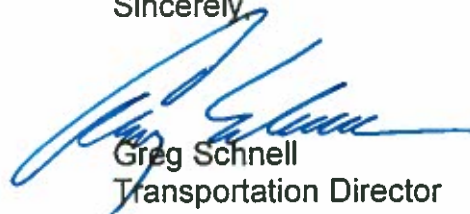

In the summer of 2014 we hired Antigo Construction to rubblize 9 miles of concrete in Sheboygan County.

We found Antigo Construction employees to be well qualified, dedicated, and hardworking. Antigo Construction provided the appropriate type of machinery to perform the job in an efficient and effective manner. The equipment was reliable and well maintained which is backed up by the minimal downtime that occurred on the job.

At the end of this project we have a very well built road. We were able to successfully build this road within our estimated budget and Antigo Construction was a vital partner in this successful build.

We look forward to working with Antigo Construction in the future.

Sincerely,

Greg Schnell
Transportation Director
